August 13, 2014

Samuel H. Porter III  
Office of Governor John Kasich  
77 S. High Street, 30th Floor  
Columbus, OH 43215

Dear Mr. Porter:

I am writing to reply to your response to the records request made on July 2<sup>nd</sup> under the Ohio Open Records Law, §149.43 et seq.

To clarify my original request, I seek any and all public records of conversations and/or emails pertaining to Senate Bill 310 and/or mention the word “energy” between Governor Kasich, his staff and representatives of the American Legislative Exchange Council and Americans for Prosperity between January 1, 2014 and the present.

I also seek public records of conversations and/or emails pertaining to Senate Bill 310 between Governor Kasich, his staff and employees or lobbyists employed by Ohio investor-owned utilities: AES, American Electric Power, Duke Energy and First Energy. This request is effective for the dates between January 1, 2014 and the present.

Additionally, I would like to request public records of any and all meetings between the Governor, his staff and any representatives of the above parties in the past calendar year.

I look forward to your prompt response to this request. If you deny any, or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Sincerely,

A handwritten signature in blue ink that reads "Scott Peterson". The signature is stylized and cursive.

Scott Peterson  
Executive Director, C&BP
